

May 16, 2020

Hello Everyone,

We are restarting class June 1. There are things that have changed.

Some class start times have changed in order to have time for people to leave or arrive without having contact with other students. The class times are on our Web site. <https://caninecapersagility.com>
Instructors, not everyone is on the group list. Please contact your students to inform them of the changes.

We will be following AKC guidelines. These can be found at <https://www.akc.org/sports/agility/> The guidelines at in the upper left.

Students and Instructors should arrive as close to the start of their class as possible. Wait in your car if you are early. As your class concludes, please leave the building. We understand that people have friends they would like to talk to. In these times though, please do so outside.

Chairs and Benches are for people All Dogs MUST Be crated. If possible (and with weather considerations) crate out of your car.

There will be 5 wooden stools with 3 qt Stainless Dog bowls screwed to the seat. The bowls will contain Hand Sanitizer and Wipes. A stool will be located inside the front and back door, in the 'hole' (small room in front of building) and by both entrances/exits or the ring in the large room. I'm also trying to purchase gloves, but the supply is VERY limited.

As per the guidelines, here are some key issues:

Masks are strongly advised, but not required.

Social Distancing is mandatory. Avoid congregating.

Our state guidelines mandate that no more than 10 people are together. Our classes have 6 – 8 people in them. In order to limit the number of people in a similar area of the building, only students and Instructors should be in the building.

No food. The white tables outside the main ring will be placed in storage.
